- Advanced Search
- Download Center

## **Popular Tables**

## Population and Housing

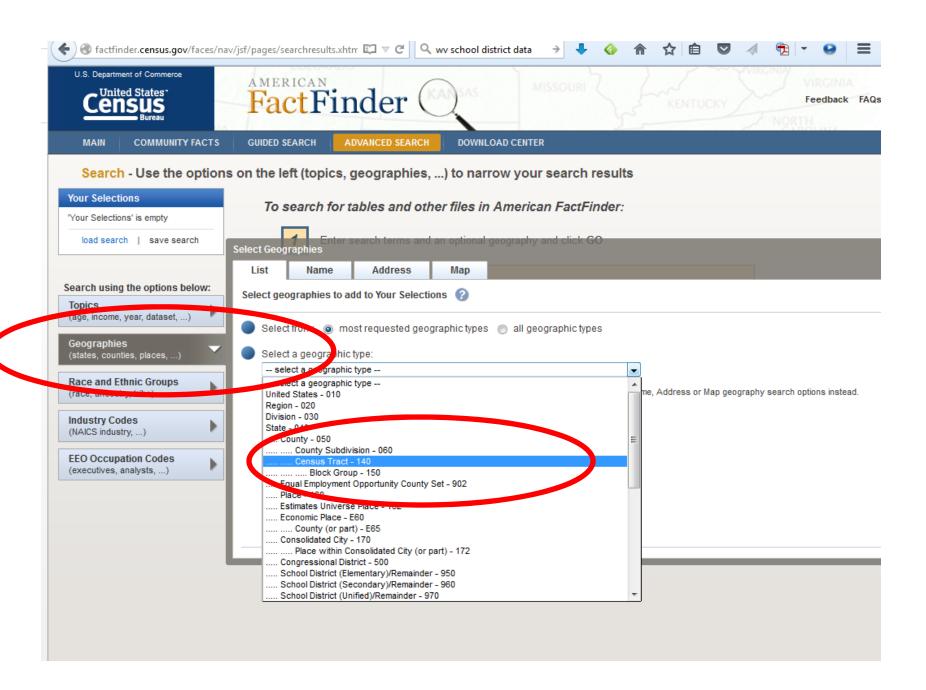

- Annual Population Estimates (2014 PEP, PEPANNRES)
- Demographic and Housing Estimates (2013 ACS, DP05)
- General Housing Characteristics (2013 ACS, DP04)
- General Demographic Characteristics (2010 Census, DP-1)

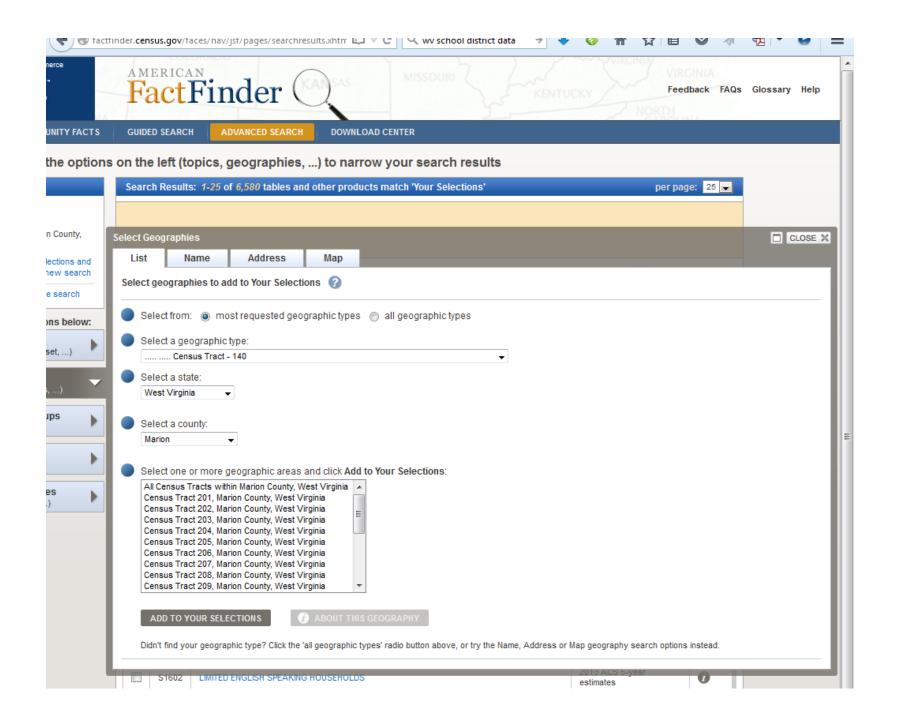

## Poverty and Income

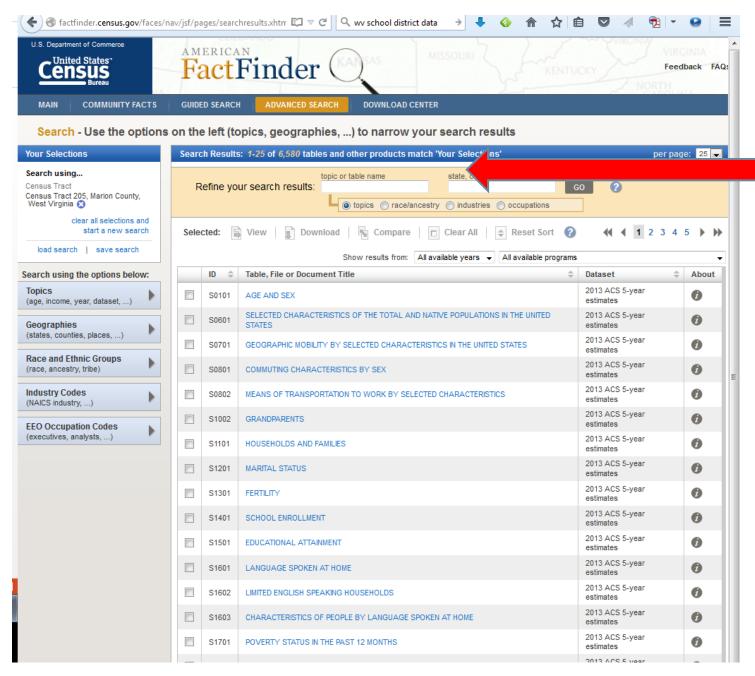

General Economic Characteristics (2013 ACS, DP03)

Age, Race, Sex and Education

- Selected Social Characteristics (2013 ACS, DP02)
- Educational Attainment (2013 ACS, S1501)

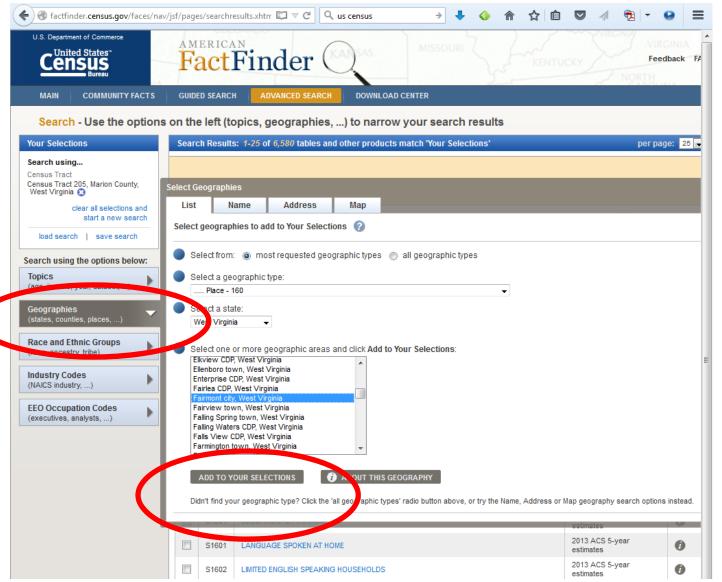

Most of the information you need will be visible in the tables below, but you can also search in the box here.

When searching, use broad key words. Want median household income? Just type "income" and see what comes up...

It's important to put data in context. How does your community compare to the county, state, nation?

You can add multiple geographies by clicking on the Geographies drop down, selecting a geographic area, and adding it to your selection.
Repeat the process for as many comparison areas as needed.

ican Community Survey (ACS) produces population, demographic and housing unit estimates, it is the Census Bureau's Population Estimates Program that produces and disseminates the official estimates of the population. ties, cities and towns and estimates of housing units for states and counties.
